## **EMPOWERMENT**

“Towanda!” is our internal mantra for courage, bold action, and self-empowerment. We empower you to take whatever leap you need to, and shout “Towanda!” together as you accelerate on your path to success!

## **PARTNERSHIP**

We are unabashedly passionate about collaboration in all forms: the sharing of ideas and the spotlight, helping to make connections, and being generous in resources, time, and mentoring.

## **PASSION**

We sincerely and genuinely want you to be your best, no matter your job focus, job level, or industry. We have passion for the work we do, which brings out your passion to be your best self.

## **COMMUNITY**

We not only give back, but also give forward. That’s why we support a number of community initiatives and events by personally serving on boards and committees, providing funds, mentoring, and training future leaders to together grow a stronger and more prosperous community.
